Letter of recommendation

27.11.2023

Pimchanok Sripraphan [T.] has worked for over 3 years as an UX Designer in my company. Even so she had no gaming experience, she soon was able to give valuable input and take over ownership with a lot of passion for our online game "Port Liberty". She is a fast learner with excellent communication skills. She can organize herself and work independently.

She contributed a lot to a positive team mood and everybody in the team enjoyed working with her. If my budget would allow it, I would always hire her again. Saying that I can recommend her for any position where a Senior UX Designer is needed.

Sincerely,

Gerhard Müller
